

A hiker with a backpack is seen from behind, standing on a dirt path and looking out over a vast landscape. In the distance, a large, conical volcano rises against a sky filled with scattered white clouds. The foreground and middle ground are filled with rolling green hills and tall grasses.

Start Your Catena-X Journey

Everything you need to get on the road – and not to get lost

Business Value Advisory

Exploring the “Why?”

- The Catena-X Ecosystem - What are the benefits and building blocks? How is it working?
- Understand available use cases – map and prioritize against your business needs and issues
- Select your role in the ecosystem
- Define your specific onboarding roadmap and approach (plan, resources, actions)
- Prepare necessary decisions

- Add-on: Bring in your supply chain or other ecosystem partners. Jointly create possible marketplace and ideate on added value through data sharing – identify new business opportunities or chances to further optimize your business

Offer

Combined Training & Workshop, upfront customized to your needs and scope – usually 1-2 days

Technical Enablement Advisory

Exploring the “How”?

- Preparation of technical onboarding – decide on your choice of connection, using SaaS products or build up your own EDC
- Setup the mandatory technical components to enable use cases or simple data transfer
- We guide you through Data Provider / Data Consumer certification
- Prepare roadmap and concept for data and backend integration in several phases to enable step by step learning

- Add-on: Build up minimal data exchange scenario based on your chosen architecture with one of your business partners

Offer

Customized Workshops, hands on paired work with your staff to setup, configure and test-run technical components

Integration & Implementation

Make things work

- Connect your Catena-X setup with your backend systems
- Analysis, concepts and implementation for data chains that connect your data
- Adjustment of business processes
- Training and rollout of new Catena-X enabled processes
- Support communication and involvement with your business partners

Offer

Individual offer based on your plans and targets

Every Journey starts with a small first Step...
